

«Innovative advice for less pesticide» Workshop 11th & 12th of September, 2013 Budapest (HU)

Endure and Leonardo 'New Advisers' project (2011-2013) invite agronomic advisers, trainers, managers of extension services, agricultural researchers and policy makers, to an:

Eight hours exchanges starting from studies conducted in some ten countries, testimonies, information on European technical or regulatory devices, information on existing networks of advisers, etc. This is an opportunity to share your experience, to discover new ones, to contact colleagues from different others countries, engaged in the same job: agronomic advisory.

Focus announced:

1. The added value of advice is economic, social and environmental, three at once.
2. The innovation in redesigning cropping systems and co-building the advice
3. New tools and soft skills for agronomic advisers
4. Ways to mobilize resources and local or transnational networks

Activities:

Discussion groups, testimonies, video tutorials, posters by participants, etc.
The work language is English

Location of the workshop:

Hungarian Chamber of Agriculture - H-1119 Budapest - Fehérvári út (Str.) 89-95
