

Third announcement

Integrated Pest Management in Europe

The ENDURE Network of Excellence
shares the fruits of four years' research
with the crop protection community

**November 24-25, 2010: Eurosites George V, Paris,
France**

Book your FREE place and consult the programme at:
<https://colloque.inra.fr/endure2010>

If you have not yet booked your **FREE** place at **Integrated Pest Management in Europe: The ENDURE Network of Excellence shares the fruits of four years' research with the crop protection community** do not leave it too late! Agricultural advisers may also qualify for **FREE travel and hotel accommodation for the event** (for more information go to: <http://www.endure-network.eu>).

The event is designed to be pro-active, giving participants the chance to join in debates and workshops, where there will be plenty of opportunity to try out ENDURE tools such as the ENDURE Information Centre, the central point of reference for extending expert knowledge, recommendations and advice concerning all aspects of Integrated Pest Management, new training material and more details of ENDURE's Network of Advisers. Your participation will help to refine and improve these tools to ensure they provide maximum value.

The event will provide farmers, advisers, policy makers, researchers and representatives of the farm supply chain and food retail sectors across Europe with the opportunity to better appreciate, critique, feed into and benefit from our research strategies and outputs. It will also provide a preview of, and help us improve, the future permanent European Research Group that will maintain, update and enrich the resources made available by ENDURE. Do not miss it!

**'Integrated Pest Management in Europe'
November 24 and 25, 2010: Eurosites George V centre, Paris, France**

No registration fees are being charged for this event, though registration remains compulsory. Book your place now at: <https://colloque.inra.fr/endure2010>. Check the conference website and www.endure-network.eu for updates.
