

# Co-innovation seminar

Welcome

Frank Wijnands, Wageningen UR

Marco Barzman, Raymond Reau, INRA

Irene Vänninen MTT

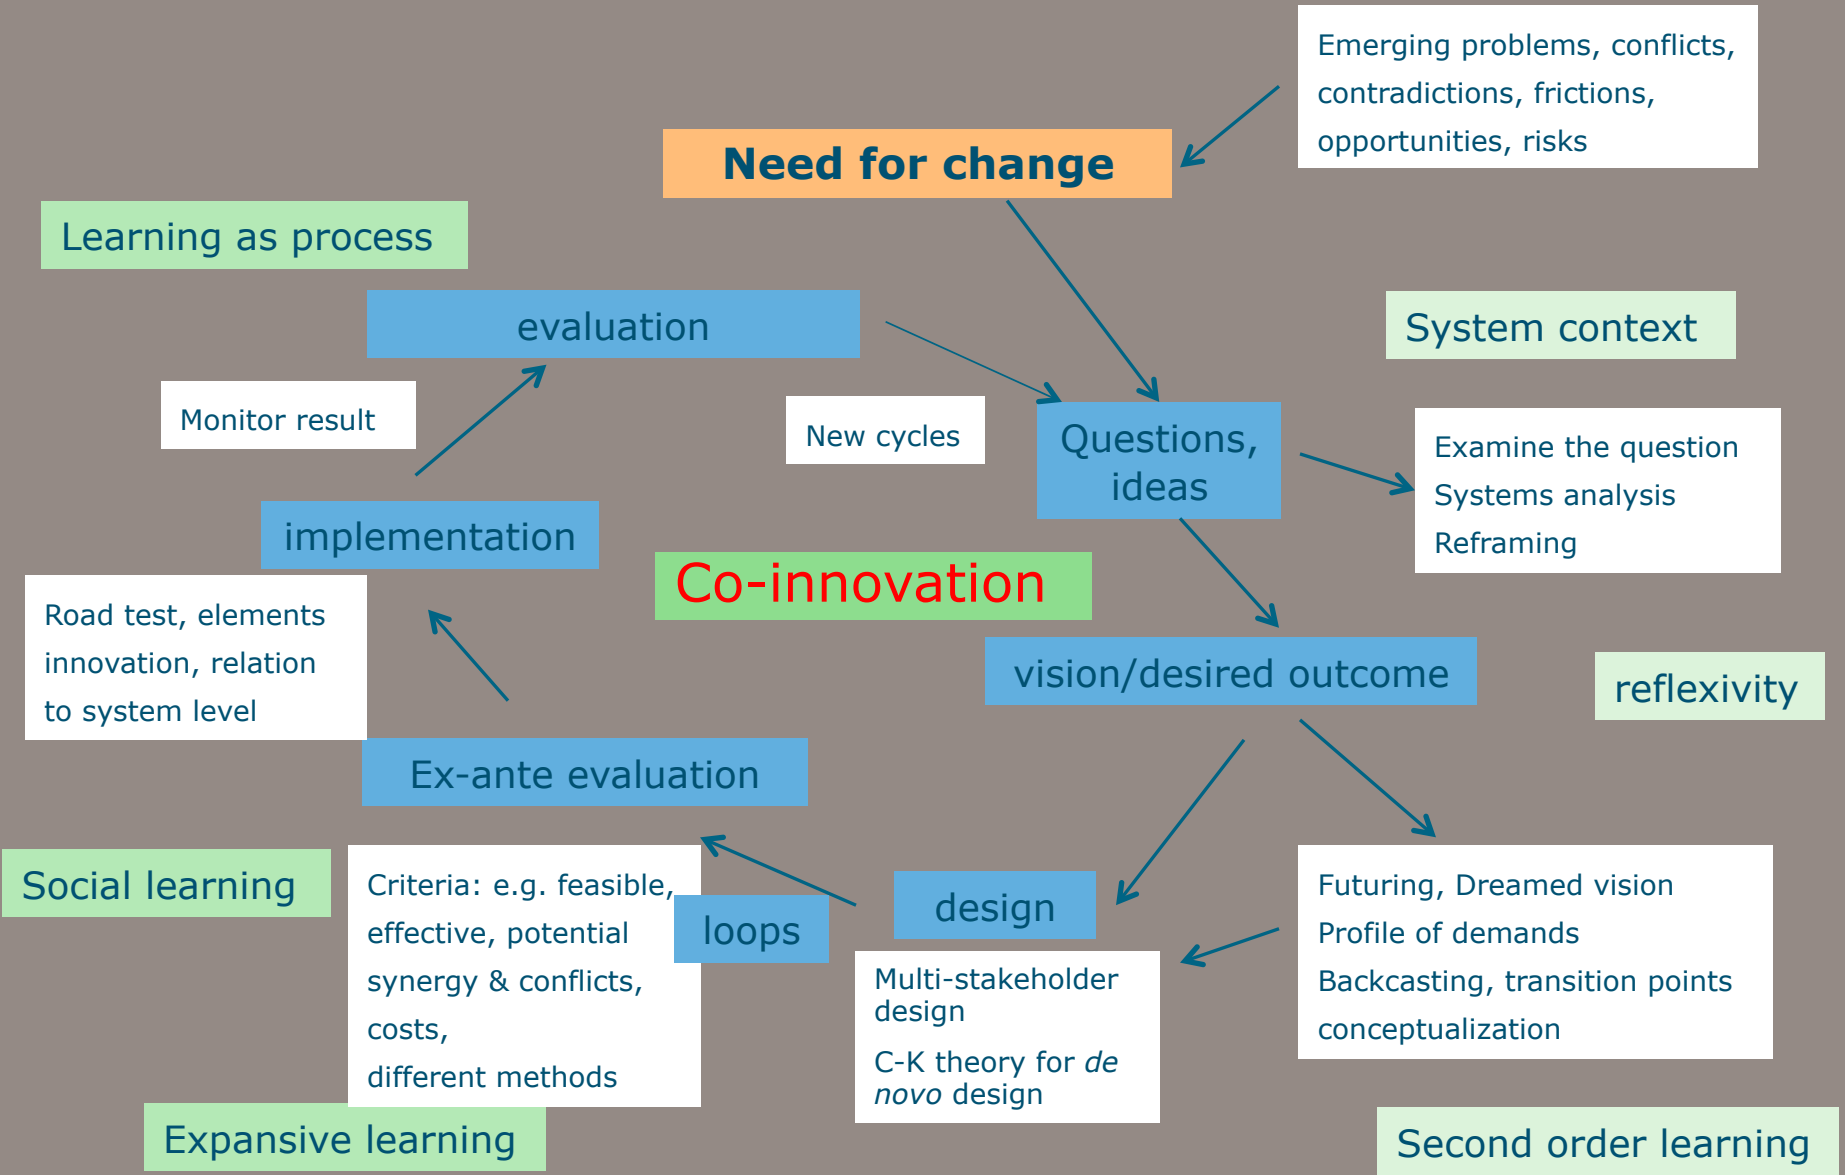

# Participants

---

- 39 participants
- 11 countries
  - Universities
  - Research intistitus,
  - advisory organisations
  - Companies
  - PhD, post doc etc.

# Co-innovation – seminar and workshop

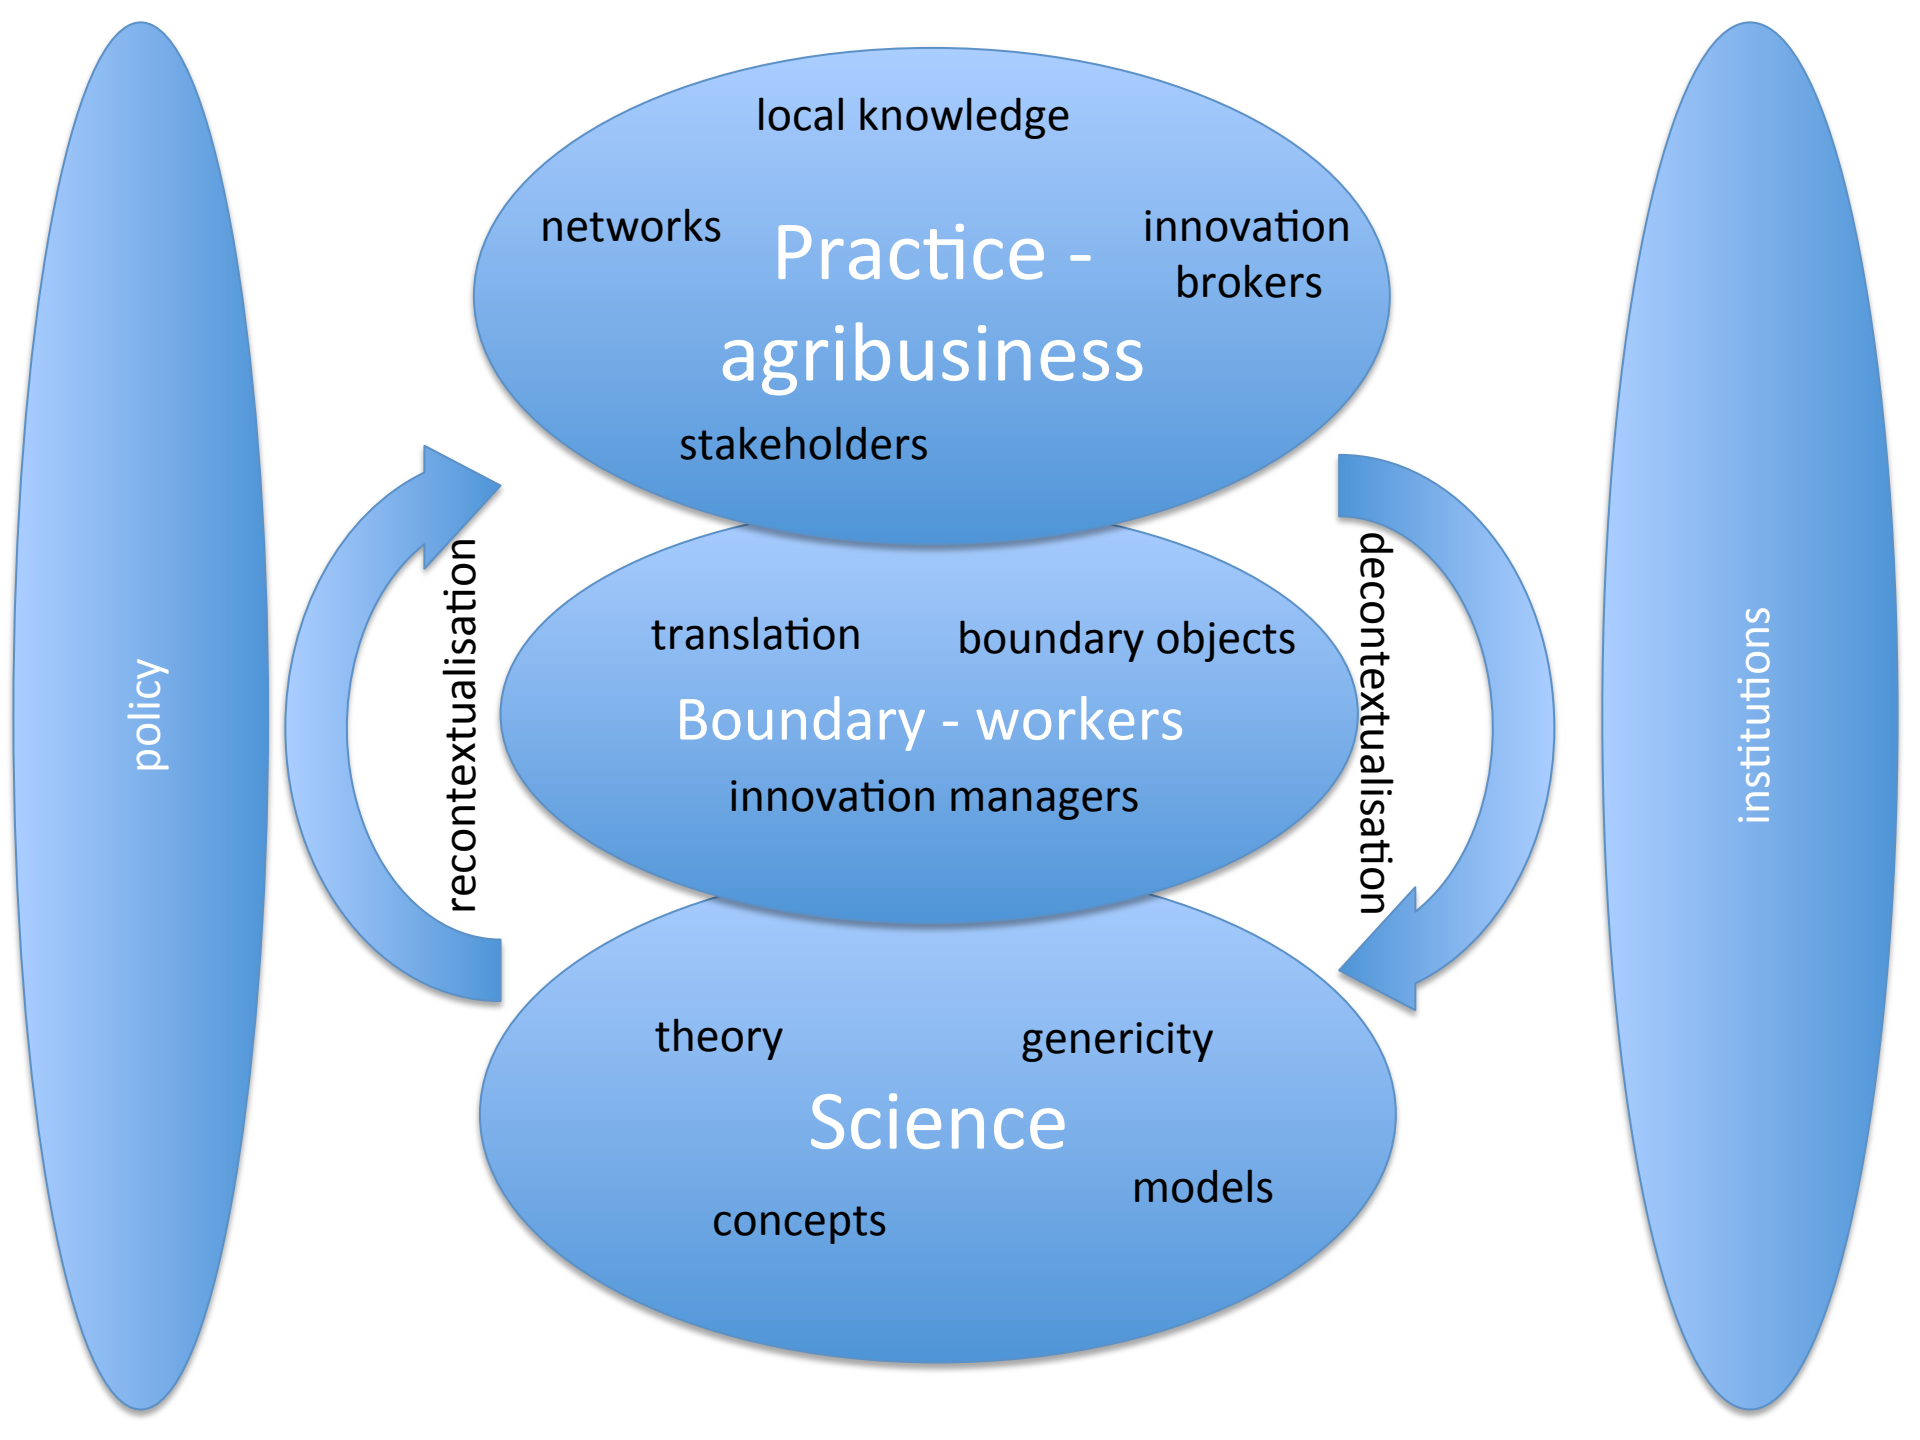

- Umbrella: from design to implementation
- Co: different parties/organisations/stakeholders incl farmers working together in a multitude of settings
- Participatory approaches
- Aiming at innovation : renewal in products, services or process , contributing to more robust, more sustainable and more competitive enterprises

# Co-innovation

---

- In practice
  - New approaches, building up experiences
  - Cases studies for science
  
- In science
  - New concepts new theories
  - Studying mechanisms/configurations
  
- And the connection

# Program

## **13:30 - 14:00 Need for change**

Why is change needed? To what demand does co-innovation respond?

The view from the European Innovation Partnership.

Inge van Oost, European Commission

## **14:00 - 15:30 Innovative design of agricultural systems**

Review of design and co-design approaches

**Speaker:** Jean-Marc Meynard, INRA

**Co-discussants:** Bram Bos, Wageningen UR and Marjolein Visser, U.L. Bruxelles

## **15:30 - 16:00 Break**

## **16:00 - 17:30 Transition**

scaling up, theory and making it happen - why is this important to a boundary worker?

**Speaker:** Fred Steward, U. Westminster

**Co-discussants:** Dmitri Domanski, U. Dortmund and Anne-Charlotte Dockès, Institut de l'Elevage

# Program 2

## **8:30 - 10:00      Learning**

social learning, expansive learning, knowledge, evaluation.

**Speaker:** Arjen Wals, Wageningen U.

**Co-discussants:** Chris Blackmore, Open U. and Irene Vanninen, MTT .

## **10:00 - 10:30      Break**

## **10:30 - 12:00      How to do it**

Role, positioning, and skills of innovation managers and boundary network leaders, re-organising research and extension for co-innovation.

**Speaker:** Laurens Klerkx, Wageningen U.

**Co-discussant:** Marianne Cerf, INRA

## **12:00 - 13:00      How we do it –**

How do we support boundary work in a general? What does it mean regarding your commitment? How do we establish a resource pool in support of co-innovation approaches? How do we organise ourselves for our next steps?

**Facilitator:** Walter Rossing, Wageningen U.& Pieter de Wolf, Wageningen UR
